To Provide you with the best service possible, we need your cooperation in keeping appointments. Your appointment time has been reserved exclusively for you, and any changes affect many other patients. When it is necessary to change an appointment, we require a minimum **24-hour notice**, making it possible for another patient to use that scheduled time. If we are not given 24-hour notice, an **Appointment Cancellation** fee will be charged.

Our Policy is as follows:

The first time you break an appointment without proper notification, we will waive the charge as a courtesy. For any further missed appointments or cancellations made less than a 24-hour notice, there will be a charge of \$50.00 billed to your account. This fee must be paid prior to your next appointment; this fee cannot be billed to your insurance company and will be your direct responsibility. After the third missed appointment, we will need a prepayment for any future appointments. We understand unforeseen circumstances arise, and we will take your situation into consideration. We realize accidents happen, family member gets sick, and emergencies occur. We will do our best to accommodate these rare occasions with grace, but please remember we track these occurrences as to prevent abuse of the policy.

Patient Consent In the Era of COVID-19

Thank you for your continued trust in our practice. As with the transmission of any communicable disease like a cold or the flu, you may be exposed to COVID-19, also known as “Coronavirus,” at any time or in any place. Be assured that we continue to follow state and federal regulations as well as recommended universal personal protective equipment (PPE) and disinfection protocols to limit transmission of all diseases in our office.

Despite our careful attention to sterilization, disinfection and the use of personal barriers, there is still a chance that you could be exposed to an illness in our office, just as you might be exposed at your gym, grocery store or your favorite restaurant. Nationwide social distancing has reduced the transmission of the coronavirus. Although we have taken measures to enable social distancing in our practice, due to the nature of the procedures we provide, it is not possible to maintain social distancing between the patient, dental healthcare team members and sometimes other patient at all times.

Although exposure is unlikely, do you accept the risk and consent to treatment?
